

## ADHESIVES

**310**  
Acrylic Montage Adhesive 250gr

Bonding materials such as wood, non-polished stones, concrete, plaster, tiles, panels, synthetic building materials etc.

**610**  
Express PU Montage Adhesive 50ml / 300ml

It is suitable for use in construction and repair applications where a permanent strong bond is required between porous to porous as well as porous to non-porous surfaces.

**705**  
Fast Adhesive 100ml + 25g / 200ml + 65g

High bonding strength. Suitable for use on vertical surfaces as it will not drip or slump. It is particularly suited to bond MDF, wood, chip wood, rubber, most plastics, leather, Perspex, ceramics, aluminum and metals.

**R306**  
Rigid PVC Adhesive 50gr / 250ml / 500ml

Specifically indicated for: Bonding cement PVC-U pipes and accessories in pressure systems up to 16 PN according to BS EN 14814 "Adhesives for thermoplastic piping systems for fluids under pressure. Suitable as a bonding cement for PVC pipes and accessories in pressure systems"

**D3**  
D3 White Glue 500gr

Suitable for bonding all types of wood surfaces and lamination to wood based surfaces. Especially suitable for applications where a good water resistance is required.

**E300**  
Waterproof Epoxy Syringe 28,8gr

Bonding and repairing of materials including aluminium, glass, ceramic, porcelain. Repairing of household goods, furniture etc. Bonding of metal surfaces.

**E340**  
Quick Setting Epoxy Syringe 28,8gr

Bonding and repairing of materials including marble, glass, ceramic, porcelain, leather and plastics.

**E350**  
Steel Reinforced Epoxy Putty 57gr

Suitable for bonding metals: steel, stainless steel, aluminum, brass, iron etc. Repairing of cracks and breaks in equipment, machinery or castings.

**202**  
Universal Adhesive 50ml / 500g

It is suited for: Technical uses in professional and industrial applications. DIY and general manual work (shoe soles and heels, decorative edges of wood, etc).

**C900**  
Chemical Anchors 300ml

Low to Medium-load applications in solid and hollow supports. Fixing of: Gates, balustrades, roller blinds, panes, antennas etc.

**ALLBOND High Tack**  
290 ml Shore A55

It is specially developed as a universal adhesive for bonding various building materials. It is suitable for elastic bonding of panels, such as: stone, concrete, mirrors, glass, plasterboard, PU, PVC, polyester, plastics etc.

**FOAMS**

**805 / 805P**  
Multi Purpose PU Foam 500ml / 750ml

Fixing and insulating of door and window frames. Filling and sealing gaps, joints and cavities. Filling and sealing gaps, joints and cavities in walls. Insulating electrical outlets and water pipes.

**POLISHES**

**C12**  
Metal Polish 50gr

It is well used for cleaning and polishing auto parts, kitchenware, tiles and fibreglass.

**WIPES**

**Industrial Wipes**  
20pc

It is well used for cleaning and polishing auto parts, kitchenware, tiles and fibreglass.

## SEALANTS

**100E**  
Universal Silicone Transparent / White / Grey / Black 50ml blister pack / 280ml

General sealing and glazing applications. Sealing around windows and doors for insulation and gap filling. Sealing in DIY applications. For bathroom, kitchen and plumbing applications.

**100D**  
Shower Kitchen Bath Silicone 310ml

Glazing and bonding in shower cabinets during production. Filling joints between tiles, tub and shower cabin during installation.

**100AQ**  
Aquarium Silicone 310ml Transparent

Bonding, sealing and repairing of aquariums.

**900N**  
Mirror Silicone 310ml

Bonding mirrors. Glazing works. Sealing applications where a low odour is required

**905N**  
Neutral Silicone Sealant (Building & Construction) 310ml White / Grey / Transparent

Neutral cure, premium performance silicone sealant designed for gap filling and sealing in a wide range of uses in building and construction. It combines the advantages of outstanding adhesion to building materials, is odourless and non-corrosive.

**P635**  
PU Sealant Construction White / Grey / Black 310ml/600ml

Expansion joints between many different construction materials. Movement and connection joints in floors, indoor and outdoor. Sealing and bonding of ventilation ducts, gutters and spouts etc.

**P645**  
PU Sealant Automotive/ Construction White / Black 310ml

Body construction of cars, containers, caravans etc. Sealing and bonding of ventilation ducts, gutters and spouts etc.

**AC605**  
Acrylic Sealant White / 260ml

Sealing of low movement joints between various construction materials (wood, concrete, brick etc.) Filling cracks in walls and on ceilings. Sealing joints between windows, walls, doors etc.

**ALLBOND Universal**  
290 ml / 600 ml Shore A45

Connection joints in sheet metal fabrication, sealing of air conditioning systems. Elastic bonding in vibrating constructions Sealing of floor joints and low movement wall joints.

**ALLBOND Clear**  
Transparent / 290 ml Shore A35

Transparent and elastic bonding in construction and building applications. Invisible bonding and sealing of glass and other transparent materials in indoor applications.

## AEROSOLS

**E70**  
Penetrating Oil Spray 200 ml

High performance penetrating oil enriched with MoS2.

**E80**  
Silicone Lubricant 400 ml

Silicone based mould release agent. It shows perfect performance even at very high temperatures

**E90**  
Anti Spatter Spray 400 ml

Aerosol product that protects materials and surfaces in welding area against particles spattering during welding process. It ensures a perfect welding operation.

**R110**  
Brake and Clutch Cleaner 400 ml

Powerful cleaning aerosol is used to remove oil, grease, dirt and dust from brakes and clutches, aiding in the elimination of brake squeal and clutch slip caused by glazing and contamination.

**800C**  
Foam Cleaner 500 ml

Cleans and removes uncured polyurethane foam from surfaces and fabrics. Cleans polyurethane foam guns after foam application and prevents foam curing in the gun adapter.

## AUTOMOTIVE

**PU WINDSHIELD ADHESIVE** 300 ml & 600 ml

Polyurethane Windshield Adhesive is a single component moisture curing polyurethane based adhesive used for glazing and replacement of automotive glass.

**PU WINDSHIELD PRIMER** 250 ml

BLACK Primer specifically designed for the ceramic band on vehicle glass. It ensures the complete protection of the adhesive by creating a barrier against harmful UV rays which can lead to the degradation of the adhesive

**HT300**  
Gasket Maker 85 gr & 310 ml

High-performance silicone sealant developed for sealing, bonding and repairing works where heat resistance is required. It is an ideal sealant for high temperature construction applications. It reacts with atmospheric moisture to produce a tough, elastic silicone.

**R60**  
Tyre Repair Kit 300 ml

Water based sealant that instantly repairs punctured tyres on cars, motorcycles, caravans and trailers, without removing the wheel.

## GUNS

**Caulking Gun**

**Sausage Gun 600**  
For use with 600mm foil sausage

**XFG06 Applicator Gun**  
For use with Professional Polyurethane Gun Foam

**XFG04 Applicator Gun**  
For use with Professional Polyurethane Gun Foam
